Do you fully understand your long-term care insurance policy?  
Do you know what is and is not covered?

We're here to help.

**H**ave you ever felt a little uncertain about your long-term care insurance coverage and what you actually get from it? Have you felt a little lost trying to navigate your plan? Thrive at Home with Whitney Center can take all the confusion and frustration out of the way to help you choose what's best for your life.

Thrive at Home is a membership program whose goal is to help you remain independent in your home for years to come. We coordinate and cover your healthcare and personal services as they may become needed.

We don't replace long-term care insurance. Our Personal Service Providers can walk you through exactly how your insurance policy works, the actual costs of long-term care, and work to get you 100% covered for the future.
